About This Content

Travel way, way back in time to the beginning of the gaming era with this fantastic set of resources that are reminiscent of old school gameboy RPGs.

Nostalgia Graphics Pack by Ocean's Dream includes a huge selection of tiles, backdrops, battlebacks, battlers, animations, characters, basic system graphics, and enemies that are designed for various RPG settings. All assets come formatted in the classic-retro green colour scheme but also include grayscale and full colour versions as well.

As a bonus there are icons and super-vintage, chip tune style audio BGM resources and MIDI files that are also available for use and included in this pack.

Features:
